## RIDE WITH WHIP

Whip is Bermuda's first e-scooter ride share service, and the island's newest form of fun, convenient, and affordable eco-friendly transport!

With an estimated 3000-5000 active users on the Whip app within the first six months of launching and an initial fleet of 150 Whip scooters, we can offer a dynamic, high-visibility form of advertising for your business.

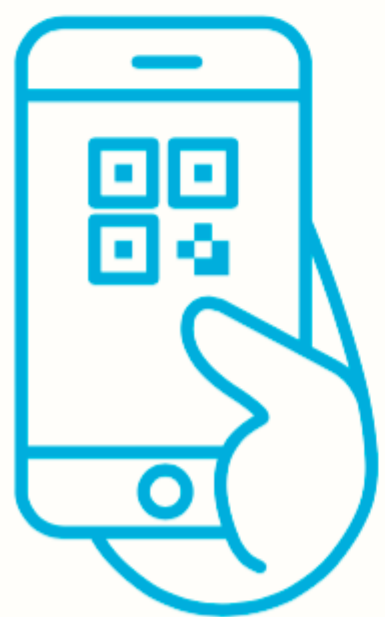

## GET YOUR BUSINESS SEEN

The online Whip app used to access and ride our scooters will see a projected 3000 unique visitor sights per week, with our fleet of Whip scooters visible to a minimum of 5000 persons per day during use and at their various locations across the island. We offer advertising packages that include ad space on the Whip app and/or physical ad space on our Whip scooters.

Packages start at a minimum 3 month run for ad space on our app, and a minimum 6 month run for physical ad space on our scooter fleet.

Advertisers can also have their own fully customized Whip scooter/s as a featured part of our fleet (contact us directly for further info).

For maximum exposure and customer convenience, ad space on the Whip app is limited to a total of 10 advertisers running at a time, so don't delay!

# ADVERTISE ON THE WHIP APP
